## President's Message

### President's Message...

Our annual Easter Egg hunt was beautifully sunny, filled with eating, visiting, and gathering very colorful eggs. Thank you to Nina Shilodon & Sharon Pizzuto for coordinating, decorating and creating this amazing event. The chili, prepared by Sharron's husband Mike, a chef, was absolutely delicious. This hunt is a success because of these individuals and everyone that pitches in to boil & dye the hundreds of eggs. We appreciate their generosity, time, & passion to make it a joy for all!

Parker Adventist Hospital fitted new helmets and Dover Saddlery brought safety vests & \$10 gift certificates for a large turnout at our CDS meeting. The educational video on the importance of helmets, reminds us to be safe in our sport with horses.

Joe Johnson did a wonderful job leading the "Long Lining" clinic, where many new to driving horses learned the basics. Sandy Clayton opened her ranch for this clinic, followed by the "Green Green Grass" clinic developed by Gary Lewman. This day allowed the horse to be hitched to a cart, if ready. Joe Johnson & Kerri Rochon also assisted drivers & horses with this process. We are grateful to the incredible, hard working members who make our club a venue of fun, learning, & creative driving events. Thank You!!!

Driving Pleasure,  
Susie Haszelbart

## 2019 Spring Clinics

For years, CDS has offered clinics for people new to carriage driving. These classes attract beginners, many of whom eventually become new club members.

### Driving 101

Gary Lewman taught this class at the Franktown Fire Station. It is a classroom clinic without horses

#### Driving 101 Saturday March 24, Franktown Firehouse.

Thirteen people pre-registered for the seminar, with two more registering at the door.

The first items of discussion were basic personal protection and safety, followed by proper attire for carriage driving. Next up was a brief overview of proper whip length, balance and how to hold the whip, including a demonstration. Gary then presented an arena outline and discussed where to turn and the advisability of varying the direction of turn each time you enter the arena.

The importance of arena safety was the next topic, including the desirability of having an assistant aid you while preparing the horse and carriage for arena entry.

Gary talked about some of the pitfalls you can encounter when acquiring harness. He followed this with a discussion of the various parts of a carriage harness and their functions. This included a brief explanation of the differences between draft harness and carriage harness, including weight. He also mentioned the different colors of lines on carriage harness.

Class participants then talked about what one should keep in mind while working with a horse and the maintenance check list to go through on both sides of the turnout after "putting to."

Different bridles and bits along with their appearances, functions and names were examined. Gary emphasized the importance of them being correct for the individual horse.

Next we discussed the carriage: its parts, maintenance, and the importance of examining the carriage prior to each use. This included emphasis on the importance of bringing the shafts down over the horses (rather than up from behind). Gary also explained the nuances of certain types of carriages, emphasizing their benefit to the horse.

Returning to the harness, Gary talked about the differences in the way you "put to" with the many variations in harness, and differences in types of carriages. He emphasized the variations in driving bridles and driving bits.

The class moved on to discuss the various hand/line/whip positions, their advantages and disadvantages, followed by a hands-on demonstration using a rein board as a practice tool. Several participants were able to use their newly acquired skill to try their hands on the rein board.

Next topic: suitable gaits to use in the arena, and some of the games/classes that students could practice at leisure.

Finally, Gary emphasized the importance of slowly and consistently starting a horse in the discipline you choose, and that you choose a breed and individual horse that matches you and your chosen discipline.

### Long Lining Clinic

This clinic is "step two" for people and horses learning to drive: horse plus bridle, long lines and harness or surcingle without carriage. It takes some practice for the driver to become accustomed to using the long lines.

Joe Johnson has taught it for the past few years. The clinic was hosted by Sandy Clayton at her ranch in Kiowa. Thank you, Sandy!

### Green Green Grass Driving Clinic

In spite of the changes in weather, dates, arenas and start times, we had 12 students, assistants, auditors and numerous volunteers for the inaugural Green Green Grass Driving Clinic developed by Gary Lewman.

We started by humans all walking the individual trail, cones and obstacle courses. Then each student/horse pair walked each course on a lead line, some more than once, to get each student/assistant/horse familiar with the specific elements in the arena.

We proceeded to long lining, at the students/horse's comfort level., sometimes more than one repetition was needed, but each student/horse calmly finished their turn through the components of each course.

The student/assistant/horse participants hitched to their carriages and navigated the cones and obstacle courses to their personal satisfaction (Yes, sometimes repeating an element or course to help the driver or horse become calmer or more responsive to the driver's commands).

As many of the folks in these photos are new to CDS, we haven't learned everyone's name. We look forward to seeing you all at CDS events over the summer!

# SPOOK CLINIC FUN DAY

Saturday, June 22, 2019  
 10 am—4 pm  
 Clayton Ranch  
 7158 Hwy 86  
 Kiowa, CO 80117

On June 22nd, the CDS will have a spook clinic fun day at Sandy Clayton's place — 7158 Hwy 86, between Elizabeth and Kiowa, south side. Questions? Call Sandy 303-646-3595.

Sandy has many obstacles. She was a former L4 EXCA judge and hosted EXCA official events and the AQHA Trail Trials.

Bring your horse, gloves, helmet, whip, harness and carriage, or surcingle and long lines. Bring a dish to share, a chair, lots of your favorite beverages and sun screen.

We want to prepare our equines for future parades (especially the Parker Christmas parade). So, one obstacle will be to have our participants and volunteers line up on two sides and act like crazy parade watchers.

We will start at 10 am with horses "on-lead-line."

We will have a potluck lunch around 1 pm.

After lunch we will do more obstacles. You can choose to go through the obstacles with your horse on a lead line, ground driving, or drive in a carriage. Repeat the obstacles that your horse needs practice and more exposure to be comfortable.

### How it works:

Each driver will be timed through a numbered course of obstacles and gates in the proper direction and in correct numerical order to the finish line. Drivers may enter horses of any breed and size, from minis to drafts, in different divisions and classes.

A round is run as a timed competition with penalties converted into seconds. There will be two rounds for each competitor. The times plus penalty scores for both rounds are added to produce final scores and placing.

### RULES

#### Divisions

- Training Level Division: trot only.
- Open division: any gait.

Classes refer to equine size; any equine breed may enter, including mules and donkeys:

- VSE/under 9.3 hands (39 inches) (VSE=very small equine)
- Small Pony (less than 12.2 hands)
- Large Pony (12.2 to 14.2 hands)

#### Presentation:

- Horses and drivers must be turned out in clean and neat marathon style.

#### Navigators:

- All entries except VSE or small pony are required to have a navigator on the vehicle. Navigators may ride with more than one entry.
- Drivers under the age of 18 years must be accompanied by a navigator of 18 years and older with the exception of VSE or small pony.
- Youth drivers over the age of 14 may drive single in VSE class.

#### Equipment:

- All persons on the course must wear properly fitted ASTM/SEI protective headgear with chin strap harness secured. Protective vest and medical armbands are not required but recommended.
- Only the driver may handle the reins, brake and whip.
- A whip of suitable size must be carried in hand while on the course. If the whip is dropped, the driver or groom can retrieve a spare whip or the carriage must be stopped so a groom may dismount and retrieve the whip. In the case of a driver without a groom, the whip may be restored to the driver by an outside party. The penalty is the time lost.

#### Course:

- A course diagram will be emailed after the closing date and will be available upon check-in.
- Drivers will be invited to walk the course the morning of the event.
- Cones will be set at a width of 2 meters.
- Obstacle gates will be set at a minimum of 3 meters apart.
- The entry to each gate will be numbered on the right by a red sign or flag, to indicate the correct direction. Entering a gate with the red sign or flag on the left or out of numerical order is an error and cause for elimination.
- Driving gates out of order is "off course" and may be corrected by returning to the missed gate and resuming the course.
- Gates completed are considered dead and can be driven in any direction.
- The judges' interpretation of the rules is final.

#### SCORING

- Course time begins and ends when the horse's nose crosses the start and finish lines.
- Penalties are added to the elapsed time for total time. Penalties are listed on the reverse of this page.
- Entry with lowest total time wins. This can be a combined time if multiple runs are used.
- Ties will be broken by the fewest penalty seconds or a drive off at management discretion.
- There will be recognition for the lowest combined scores from Derby I on June 29 and Derby II on Sept. 21, 2019.

***Volunteers Needed!***

This is your chance. If you're someone who has competed at many CDS events, this is a way to give back to the club. If you're just starting to drive, it's a way to learn about competitive driving. It's also a chance to spend a day outside with fun people doing something worthwhile.

On **Saturday, July 20**, we'll set the courses. We'll be setting up dressage and cones arenas. We'll also mark and measure the marathon course and mark the gates in the obstacles. If you're competing, this is a great chance to see the course ahead of time without having to worry about what your horse is up to or when you need to be in an arena on the morning of the show.

On **Sunday, July 21, show day**, in the early morning, we need folks to set up sun shades, tables and chairs for the officials, to measure wheels, and to hand out competitor packets. Then we'll need folks to get competitors in and out of the dressage and cones arenas, and pick up downed balls and cones. We need a couple of drivers for the marathon course "walk" in the morning, and people to dismantle the cones and dressage arenas during the lunch break. In the afternoon we need many timers and judges for the marathon and its obstacles. When everything's over, we'll need a few folks to take down the marathon course and obstacle markers, take down sunshades and equipment, and pack everything up. Volunteers receive thorough instructions in advance.

On show day, we're happy to have you for all or just part of the day. Either way, **we'll feed you—and thank you!**

If you can help, please fill out the form below and mail it to Susan Tyler, 755 Vista Lane, Lakewood, CO 80214 or call 303-915-9553 or email [TwilightRider12@gmail.com](mailto:TwilightRider12@gmail.com).

If you signed up to volunteer for this event by phone or email, please reconfirm here your intention to volunteer. Thanks!

***Yes! I'll do it! I'll volunteer!***

CDS & RMCC EVENT: ADS FIELD DAY | SATURDAY, JULY 27 2019 | SALISBURY EQUESTRIAN PARK | PARKER, CO

# ADS Super Clinic FIELD DAY

July 27, 2019 8am-5pm

Salisbury Equestrian Park in Parker, Colorado

Running simultaneously:

### A mock Pleasure Driving show

with proposed classes including Super Reinsmanship, Cones, Working, and Turnout.

### A mock CDE,

with Dressage, Cones, and two Marathon obstacles and proposed divisions split into Training, Preliminary, Intermediate, and Advanced levels.

Each driver is required to have a groom or navigator to assist on the marathon section, except drivers of VSEs. ADS rules apply. Safety vest are mandatory for just the 2 marathon obstacles.

There is no charge for this event, and there will be no official placings.

We expect the roster of ADS and USEF judges and TDs to attend this full weekend, but we are in need of drivers and their equines of all levels to participate in this fun day. What a great opportunity to be seen by the majority of officials working the carriage driving scene! Classes will be spread out to accommodate discussion between the officials.

Lunch will be provided to drivers, navigators and volunteers. There is no stabling on-site, but some local drivers may have room in their barns.

Questions? Send an email to [ColoradoDrivingSociety@gmail.com](mailto:ColoradoDrivingSociety@gmail.com) with "ADSFieldDay7-27" in the subject line.

*Please be aware that planning for this event is still in progress, so some details may change.*
